Frequently asked questions

Who is this form for?

This application form can be used by those with qualifications and experience undertaken outside the UK who wish to apply for Chartered membership of the Society. It is also possible to apply for membership of our Member Networks.

Will my details appear on your website?

Anyone admitted to Chartered membership will appear on our online List of Chartered members allowing people to check your Chartered Status with the Society. The standard format is for the list to show your name and address, the form enables you to specify which address you are happy to be made public.

Should you not want any address to appear on the list please tick *No* in the Contact address field and leave the Chartered member list address field blank.

Do I have to send in proof of my qualification(s)?

You will need to provide copies (we do not require original documents) of your psychology qualifications.

Where applicable, transcripts (the list of subjects and grades) should be submitted.

Translations are required for any documents not in English.

If your name differs from that on your certificates/transcripts, etc. please provide evidence such as a copy of your marriage/partnership certificate, deed poll certificate, etc.

If you are Registered/Licensed outside the UK please submit a copy of your most recent registration/licensing certificate.

For current members there should be no need to resubmit documents for qualifications the Society has seen previously.

Will work experience in the UK be considered?

We can only consider work experience gained *outside* the UK. This work needs to have been as a psychologist and carried out under regular supervision. It is often useful to include a CV or statement to detail the type of work and frequency of supervision.

How much do I need to pay?

You will need to pay the relevant subscription and any processing fees. The total amount due will vary depending on whether you are applying to join the Society, upgrade current membership and/or join a Member Network. *Full details of all of the rates and fees are on **page 5** of this document.*

Please note: The Society's subscription year runs from January to December and future subscription payments are due in January regardless of when you first joined.

A full year's subscription is always required upon application. If you join between:

- **Jan – June** you will be charged the yearly rate which will all be allocated to this year's subscription.
- **Jul – Sept** you will be charged the yearly rate but half the payment will be carried forward reducing the amount due from you for the following year.
- **Oct – Dec** your full payment will be allocated to the following year.

Membership will renew automatically at the end of each calendar year unless you notify the Society in writing (email accepted) that you wish to discontinue membership. Any balance arising from a change in subscription rates will be due on 1 January immediately following your admission.

Can I also join a Member Network?

The Society has a number of Member networks to further members' professional and scientific interests. Benefits include receipt of specialised journals, discounts on registration for events, opportunities to participate in meetings, and much more. Belonging to a Member Network makes your Society membership more relevant to you and you can join as many as you like. Each Network's fee is shown on page 5; for any you chose to join their fee(s) will be added to the Society application and subscription fee required.

For further information on each Member Network please visit www.bps.org.uk/member-networks

How long does the application process take?
